

## Video and data protection filter

1092/732

### Product specifications:

- Video insertion loss: 0.3 dB
- Response time:
- Max isolation voltage: 4 kV
- Max discharge current: 10 kA
- Video bandwidth: 10 mA
- Operating temperature: -60°C - +95°C
- Dimensions: L 90 x D 52 x H 40 mm
- Weight: 137 g

## Description

Protection filter designed for coaxial 75Ohm video lines and RS-485 data lines with relevant power supply.

It ensures protection of images and data against voltage peaks, induced and conducted overvoltage, and electrostatic discharges.

## Logistic data

- Packaging quantity single: **1**
- EAN single: **8021156049387**
- Base: **135 mm**
- Height: **45 mm**
- Depth: **85 mm**
